

Tax system in Hungary

DOUBLE TAXATION AGREEMENTS

Double taxation agreements

The right to taxation in the event of sale of interests in property companies is subject to differing provisions. In accordance with the OECD Model Agreement, for those countries for which there is a “yes” in the real estate clause column the right to taxation in the case of share deals lies not with the country of residence of the vendor but with the country in which the property is situated.

Mini-One-Stop-Shop (MOSS) / One-Stop-Shop (OSS)

Currently taxable persons from an EU member state or third country – who provide electronically supplied services, telecom, radio and TV services to consumers within the EU – can, subject to certain conditions, make use of simplifications within the MOSS system. The taxable person will thereby only be registered for VAT purposes in the member state where the headquarters of the economic activity and/or the permanent establishment are located.

As of July 1, 2021 a registration in the country of destination is not required anymore for the following services, because sales can be declared in one member state of the EU via the One-Stop-Shop (OSS) and VAT can be paid in a centralized way:

- B2C services
- Supplies to consumers: turnover threshold is eliminated (exception for micro-businesses).
- Import: Tax exemption for imports from goods with value
 - < EUR 22 is eliminated; Import One-Stop-Shop (IOSS) is applicable for imports to consumers for goods with value < EUR 150
- Platforms: certain platforms are treated as if they delivered the goods by themselves (notional delivery); platform may become a tax debtor

Reverse charge (reversal of tax liability)

For all supplies of services and work supply Special regulation (among others) for building services

Requirements

The supplier of the service has no domestic domicile or habitual abode, nor a domestic permanent establishment involved in supplying the service

The recipient of the supply of services is a taxable person registered in Hungary (even for non-taxable activities)
